

Third Quarterly Make 'N Take Stamping Event!!!

It took awhile to come up with a date that worked for 6 different instructors and winner is Feb. 20th, 2010

We have something special planned for this event. I have been getting several requests for quick and easy cards. Therefore we are going to be teaching you how to make (3) different 10 minute cards. That way you will take home 18 different **Make 'N Take Projects**. Each section will be 35-40 Min. long.

5 out of the 6 instructors are going to attempt to use only two rubber stamp sets. One set will be used for the focus of the card and the other set will more than likely have the verses. The 6th instructor - Mary is going to be using stamps from her own company (Prickly Pear).

The samples shown in the right columns are just a few samples of what you will be making. I will be sending out many more samples as the teachers get them to me.

¹ Cancellation/Refund Policy: In order to prevent our instructors from doing many hours of work and then end up with an empty classroom, we do not give any refunds or exchanges. However, we do realize that life happens and encourage you to let a friend to take your place when that happens. If you can't find a friend in time, we will save all of your materials from the classes/Make 'n Takes and I will set up a time that I can meet you in the Madison area and deliver them to you. Give me a call if you're from out of town and we'll make other arrangements.
